EXPERIENCE

- USAA – Software Engineering Intern; Plano, TX** May 2023 – August 2023
- Spearheaded the development of a precision-focused algorithm aimed at optimizing user-group license management. Successfully eliminated 142 redundant licenses from company infrastructure; led to annual cost savings estimated between \$14,000 - \$28,000
 - Collaborated with a 7-member team to update Business Process Management workflows, reducing QA costs by \$5,000 monthly
 - Engaged in agile methodologies; participated in cross-functional sprints and daily stand-ups, ensuring efficient task completion

- Ripple Impact – Digital Marketing Intern; Dallas, TX** May 2022 – August 2022
- Leveraged an array of social media platforms and executed targeted outreach via LinkedIn, resulting in 15% surge in organic web traffic; augmented brand visibility and engagement, contributing to the company's digital footprint expansion
 - Implemented robust end-to-end marketing strategies tailored for a diverse clientele base, including copywriting, hashtag research, and content calendar development; significantly bolstered client branding and amplified audience engagement
 - Pioneered extensive market research initiatives and created four lead magnets, attracting over 100 potential customers

- Texaco – General Manager; Arlington, TX** May 2021 – August 2021
- Fortified Texaco's financial reporting process through comprehensive SOX control testing, ensuring compliance and accuracy
 - Managed daily financial transactions, including cash handling, deposits, and reconciliation; maintained accurate records and contributed to a well-organized financial system
 - Optimized supply chain management procedures, reducing the average order processing time by approximately 45 minutes

LEADERSHIP EXPERIENCE AND ACTIVITIES

- Texas Enactus – Finance Operations** Spring 2021 – Present
- Rainwable rainwater catchment project based in Nicaragua*
- Pitched project presentation to key stakeholders, articulating the project's value proposition, financial projections, and expected social impact/reach, resulting in project approval and \$27,500 in secured funding
 - Constructed a rainwater containment and filtration system in San Isidro, Nicaragua, alongside a seven-member deployment team, providing approximately 1200 residents with unrestricted access to a dependable and sustainable water source
 - Incorporated Agile methodologies with a strong emphasis on collaboration and adaptability for Finance sub-team; successfully executed weekly stand-ups and monthly retrospectives to maintain steady progression of projects

- Boy Scouts – Senior Patrol Leader, Eagle Scout** Fall 2015 – Spring 2020
- Guided and directed a diverse cohort of 125 Scouts in my capacity as Senior Patrol Leader, cultivating the growth of seamless teamwork, effective communication, and conflict resolution skills throughout the troop in internal and external activities
 - Orchestrated fluid collaboration with stakeholders to plan regular training sessions and workshops for fellow scouts; applied meticulous schedule management to ensure the timely attainment of the Eagle Scout rank for troop members
